When you woke up one day
and feel that you can't anymore
that in the name of the one of above your life they are
going to handle
if you feel that the fear sticks to your skin
by to be immigrant and justice to want
if you surrender brother, by you never will think

When they are going to request money at the end of
month
and government invites to you to confess
for that reason friend your rise the voice
say that you never requested opinion
if it is truth that exists a god
that works from sun to sun

Put your feet, rise your fist and come
to the Freaking Party and get so fucking drunk
to the same condition it is not the town of only from a
loser
they have their government and we our sweat

If there is no food for yours
and you se so fat the loser
if his wife dressed gold, naked her
how they are going to silence the finch or the canary
if there is no jail nor cementery for the libertarian song!

Put your feet, rise your fist and come
to the Freaking Party and get so fucking drunk
to the same condition it is not the town of only from a
loser
they have their government and we our sweat

Put your feet, rise your fist and come
to the Freaking Party and get so fucking drunk
to the same condition it is not the town of only from a
loser
they have their government and we our sweat

Put your feet, rise your fist and come
to the Freaking Party and get so fucking drunk

to the same condition it is not the town of only from a
loser
they have their government and we our sweat

FUCKERS!
