Where's that smile and where'd you take it to
I never thought that anything could hurt you
Tell me everything you're going through
I never thought that anything could hurt you

Don't forget yourself child
You're the only thing that can pull it through
We are helpless without you

Come down to us with that smile you always do
I never thought that anything could hurt you
(Hurt, hurt, hurting you)

Something came in and changed your pretty point of
view
I never thought that anything could hurt you
(Hurt, hurt, hurting you)

Don't forget yourself child
You're the only thing that can pull it through
We are helpless without you

Hey, now wake up
We need you to come on and pull it through
'Cause right now everything is hurting you
(Hurt, hurt, hurting you)

Hurting you
(Hurt, hurt, hurting you)
It's hurting you
(Hurt, hurt, hurting you)
(Hurt, hurt, hurting you)

(Hurt, hurt, hurting you)
It's hurting you
(Hurt, hurt, hurting you)
(Hurt, hurt, hurting you)

Hurt, hurt
(Hurt, hurt, hurting you)
Hurt, hurting you
(Hurt, hurt, hurting you)
