Never again!

All my life it's been much the same game
Al together now who pass the blame game
I'm not the one so don't put your shame on
You're not the one that I put the blame on

There is nothing I would rather do then
Get up and explain life to you friend
There is nothing I would rather do then
Get up and explain life to you

One step forward
Two steps back
Three steps forward, Go! x 2

People want to come and take from me everything
People want to come and leave me with nothing
I'm not the one so don't put your shame on
You're not the one that I put the blame on

There is nothing I would rather do then
Get up and explain life to you friend
There is nothing I would rather do then
Get the fuck up and explain life to YOU!

One step forward
Two steps back
Three steps forward, Go! x 4

Why do you hide
So afraid of what you'll leave behind
Why do you hide
So afraid of what you'll leave behind

One step forward
Two steps back
Three steps forward, Go! x 9

It wasn't my fault x 3

It wasn't
