Would it be

It feels like abuse  
So subtle the noose  
So subtle the noose

"There is no light", that's what they say  
I'm checkin' out not checkin' in  
Drawing lines, growing out of favor  
Out of favor

Out of favor, out of favor  
Out of favor, out of favor  
Growing out of favor, out of favor  
Out of favor, out of favor

If it's meant to be  
Then set it free  
If it's meant to be  
It'll come back you see

If it's meant to be  
Quickly set it free  
If it's meant to be  
It'll come back you see

Watch what you say and what I don't  
Heard what you've asked and no I won't  
Drawing lines, growing out of favor  
Out of favor

If it's meant to be  
Then set it free  
If it's meant to be  
It'll come back you see

If it's meant to be  
Then set it free  
If it's meant to be  
It'll come back you see

Dark days, dark days, dark days

Dark days, dark days, dark days  
Dark days, dark days, dark days  
Dark days, dark days, dark days

Oh no, I feel it  
Oh no, I feel it  
Oh no, I feel it  
Oh no, I feel it

Dark days, dark days, dark days  
Dark days, dark days, dark days  
Dark days, dark days, dark days  
Dark days, dark days, dark days

If it's meant to be  
Then set it free  
If it's meant to be  
It'll come back you see

If it's meant to be  
Then set it free  
If it's meant to be  
It'll come back you see

Dark days, dark days  
Dark days, dark days

If it's meant to be  
Then set it free  
If it's meant to be  
It'll come back you see
