Godless lot it's not a lot  
But it's my lot in life  
No fear is my weakness I hear  
When faith has been denied

Godless lot it's not a lot  
But it's my lot in life  
No fear is my weakness I hear  
When faith has been denied

Same as yesterday, confused

Walking through sticks using walking sticks  
I've stuck to this so long  
What I feel is so hard to deal  
So I say so long

Walking through sticks using walking sticks  
I've stuck to this so long  
What I feel is so hard to deal  
So I say so long

Same as yesterday confused

Mine is the empty jar, the empty!!

What you see  
It isn't always, isn't always  
And what you believe  
It isn't always, isn't always

Mine is the empty jar, the empty!!

What you see  
It isn't always, isn't always  
What you believe  
It isn't always what you believe
