Something told me to tell you
Not to tell me what to do
I am what I fuckin' am
Many have tried to change this man
Life's always been an uphill fight
Some things I do you may not like
Life's always been an uphill fight
Some things I do you may not like

Something told me to tell you
Don't give it to me
Something told me to tell you
Don't give it to me

Why do you do the shit that you do?
I'm doing just what I do
No, not what I want to do
But what I've got to do we're through
Life's always been an uphill fight
Some things I do you may not like
Life's always been an uphill fight
Some things I do you may not like

Something told me to tell you
Don't give it to me
Something told me to tell you
Don't give it to me
Something told me to tell you
Don't give it to me
Something told me to tell you
Don't give it to me

Some thing told me to tell you
Not to tell me what to do
I am what I fuckin' am
Many have tried to change this man
Life's always been an uphill fight
Some things I do you may not like
Life's always be an uphill fight
Some things I do you may not like

Something told me to tell you

Don't give it to me
Something told me to tell you
Don't give it to me
Something told me to tell you
Don't give it to me
Something told me to tell you
Don't give it to me

I'm sick of this shit
I'm sick of this shit
I'm sick of this shit, motherfucker
I'm sick of this shit
I'm sick of this shit
I'm sick of your shit
I'm out of my mind and you're driving me crazy
I'm out of my mind and you're driving me crazy
I'm out of my mind and you're driving me crazy
I'm out of my mind and you're driving me crazy
Don't, don't give it to me
Don't give it to me
No, don't give it to me
Don't give it to me
It's not the same, it's not same
Some things are not the same anymore

Something told me to tell you
Something told me to tell you
Don't give it to me
Something told me to tell you
Don't give it to me

Something told me to tell you
Don't give it to me
Something told me to tell you
Don't give it to me
Something told me to tell you
Don't give it to me
