Where have you been?
I, I've been here
Waiting anticipating
And coping with tears
Where have you been?

You've been untrue
I've seen it before and I see it again
You've been untrue
I've seen it before and I see it again
You've been untrue
I've seen it before and I see it again
You've been untrue
I've seen it before and I see it again

It's quite clear now
Your phone rang all night
I, I waited here
Waiting anticipating
And coping with fear
Where have you been?

You've been untrue
I've seen it before and I see it again
You've been untrue
I've seen it before and I see it again
You've been untrue
I've seen it before and I see it again
You've been untrue
I've seen it before and I see it again

You can't stop me, you know who I am
This justifies now just what I am
You crucify me won't lay by my side
And now you'll need me until I

You can't stop me, you know who I am
This justifies now just what I am
You crucify me won't lay by my side
And now you'll need me until I
Guess what, I'm dead

You've been untrue
I've seen it before and I see it again
You've been untrue
I've seen it before and I see it again
You've been untrue
I've seen it before and I see it again
You've been untrue
I've seen it before and I see it again

You can't stop me, you know who I am
This justifies now just what I am
You crucify me won't lay by my side
And now you'll need me until I

You can't stop me, you know who I am
This justifies now just what I am
You crucify me won't lay by my side
And now you'll need me until I die
I'm dead
