If you leave me to be the outsider looking in, then I  
am finally home. I have a name and it isn't guilt.  
That never moved me an inch. If common sense and  
common decency aren't enough then leave me behind  
and  
consider yourself weeded out. If you have the taste  
for guilt and feed on lies then leave me behind and  
consider me sold out. And this sell out will keep  
screaming with the voice to push you to violence.  
Every word proof you can't handle any different. Every  
blow proof that you have no intentions of equality. If  
you make decisions color-based and call that power  
then leave me behind and I won't say a word. I'll just  
wait until you kill yourselves over nothing but flesh  
one thing's sure to die. As political trends keep  
coming, demanding godlessness. I'll just continue  
forward, my only intention all along. So look  
somewhere else for revolution. My disgust for details  
is nothing revolutionary
