(E. Pugh)

You have the powers of a god

But I am just a guy

You fly high - but I'll take the stairs

You can't die - but I don't think I'll test it

You can wait - but I have no patience

You're a god - And I'm not

I know you're a god

But of what?

I have a house - but you have heaven

I play guitar - but you play the angelic harp

I drive fast - but you outrun me

I like challenges - but you're always there to compete
with me

You have the powers of a god

But I am just a guy

You fly high - but I'll take the stairs

You can't die - but I don't think I'll test it

You can wait - but I have no patience

You're a god - And I'm not
