(E. Pugh)

The wax is dripping
On this Swiss flag that I got
This candle's almost burnt out
Would've loved to save it - were it not
Shadows cast on the
Variety pack dinosaur
A love from my past
That never made it out my door
Cluttered papers - ancient scrolls
And old suitcase - a treasure trove
Finding light in a lava lamp
Million bucks worth for a scamp

Tales of pirates
Tales of knights
Cover the shelves
Some pages never seen the light
Cluttered papers - ancient scrolls
And old suitcase - a treasure trove
Finding light in a lava lamp
Million bucks worth for a scamp
