(E. Pugh)

All you lawyers

All you bankers

Is this what you want?

Spending life in your chair

Bound to life by responsibility

Is this what you want?

Stuck in this life by all the choices you've made

Paying for life to just leave you alone

Stuck in this life by all the choices you've made

As he stared at the mirror he cast no image

When he took a job - they took his life

As he stared at the mirror he cast no image

All you lawyers

All you bankers

Is this what you want?

Spending life in your chair

Bound to life by responsibility

Is this what you want?

Stuck in this life by all the choices you've made

Paying for life to just leave you alone

Stuck in this life by all the choices you've made

As he stared at the mirror he cast no image

When he took a job - they took his life

As he stared at the mirror he cast no image

When he took a job - they took his life

When he took a job - they took his life

As he stared at the mirror he cast no image
