I get the feeling everyone's feeling the same
Like somebody somewhere should
Be calling their name
Praying in churches or out in the clubs
Everyone's looking, looking for love

Birds and bees
And songs like these
Cos we want what we want
And it's natural baby
Birds and bees
And songs like these
Cos we want what we want
And it's natural baby

It's not a secret, it's not a crime
I've never done this before
Well neither have I
So I blow out the candles
And I'm making a wish
Come over here babe
And give me a kiss

Birds and bees
And songs like these
Cos we want what we want

And it's natural baby
Birds and bees
And songs like these
Cos we want what we want
And it's natural baby

And it's natural baby

I get the feeling everyone's feeling the same
You lean in close and you whisper my name
You're whispering
You're whispering
Life is but a dream
And you are so beautiful
You make me want to scream

Birds and bees
And songs like these
Cos we want what we want
And it's natural baby
Birds and bees
And songs like these
Cos we want what we want
And it's natural baby
And it's natural baby
And it's natural baby
