Whats in your heart
Whats in your head
Its one of the other these days
The quick or the dead
Sometimes we gotta fight
So don't you complain
Cause I never promised this
Would be easy babe

You and me are gonna rise up
and they will be surprised, yep

And every things weird
But soon they'll be gone
Cause are whispered words
are louder then bombs
so don't you lose faith
say its no fun
cause we've come to far to stop
before we're done

You and me are gonna rise up

and they will be surprised, yep
You and me are gonna rise up
and they will be surprised, yep
(They will be)

Sometimes we get lost
But soon we'll be found
This is far to important
To turn back now

You and me are gonna rise up
and they will be surprised, yep
You and me are gonna rise up
and they will be surprised, yep
They will be surprised, yep
They will be surprised, yep

Cause we're gonna rise up
Come on and rise
