And you're changing  
And you're changing  
And you're changing  
Do you know it  
Do you feel it  
Do you know it  
But you're waiting  
Why are you waiting  
Why you waiting

Just do it  
Whatever it is

There are secrets  
There are secrets  
There are secrets  
There are places  
There are places  
They might tell you  
You can go to  
Yeah, they tell you  
That you shouldn't

But do it  
Whatever it is  
Whatever it is  
Just do it  
Whatever it is  
Go do it  
Whatever it is  
Whatever it is  
Whatever it is  
Just do it  
Whatever it is  
Whatever it is

And you're dancing  
And you're looking kinda crazy  
And you're arms are making little circles  
There are reasons  
There are reasons  
You can find out

So do it  
Whatever it is  
Whatever it is  
Just do it  
Whatever it is  
Go do it  
Whatever it is  
Whatever it is  
Whatever it is  
Whatever it is  
Whatever it is

And you're dreaming  
It's so quiet  
It's so quiet  
It's so quiet  
And you're dreaming  
And you're dreaming  
I turn to you and say  
Awake is the new sleep  
Awake is the new sleep

So wake up  
Whatever it is  
And do it  
Just do it  
Whatever it is

Cause awake is the new sleep  
Awake is the new sleep  
So wake up  
Wake up

And do it  
Whatever it is  
Whatever it is  
Just do it  
Whatever it is  
Whatever it is  
Go do it  
Whatever it is  
Just do it  
Whatever it is  
Whatever it is  
Whatever it is
