Suddenly I've realised that this is so much more than  
just a fight  
No one's ever told you this, but just because you're you  
It doesn't mean that you're right  
I try not to be so bias with these ideals that we all care  
about  
I just carry on the way I do,  
The way I do when I've got no doubts  
And there's a man with his head in his hands  
With a story that he won't begin to tell  
We were connected by the thoughts we had  
And you almost had it good enough to sell  
Don't be so hypocritical  
Don't be so hypocritical  
Cause I know, I know, I know  
That I'm farther than you think

When you walked in, your eyes lit up the room  
When you walked in, your eyes lit up the room  
When you walked in, your eyes lit up the room  
When you walked in, your eyes lit up the room  
When you walked in, your eyes lit up the room  
When you walked in, your eyes lit up the room
