You can't escape now
I've got you locked inside this room
You know I tip good
And soon, you will love me too

Don't be upset now
You know that I get angry too
Don't make me hurt you
It's true
No one hears you in this room

This is what you get
When you're talking back baby
I never bounce a check
So give it up, baby
Open up your eyes
I want to watch you cry
Come on, come on
The camera's on [x2]

Now I'm a changed man
But as a boy I was so true
The world can't protect you
It's true
Not like money will

You want some bread now?
Just promise me
You'll never make me believe you
It's true
No one hears you in this room

This is what you get
When you're talking back baby
I never bounce a check
So give it up, baby
Open up your eyes
I want to watch you cry
Come on, come on
The camera's on(2)
