I've seen the future
So I already know
Baby you've been let down
You can't take anymore

You hear that I'm untrue
But you've been around too
I don't hide it from you

I know that you're needy
Baby, take it easy
And we can make all our dreams come true
If you...

I'm down if you don't expect any more from me
I ain't got much for you
It's all right
If you wanna get down
Keep it simple, now [x2]

*Time keeps slipping us by
When we're alone
Music makes me get high
We're getting down on the floor*

*Let this groove just take you
Make your booty shake too
Just show me what you can do
I know that you're needy
Baby, take it easy
We can make all our dreams come true
If you...*

*I'm down if you don't expect any more from me
I ain't got much for you
It's all right
If you wanna get down
Keep it simple, now [x2]*

*How do you feel?
Do you feel all right? [x4]*

*I'm down if you don't expect any more from me
I ain't got much for you
It's all right
If you wanna get down
Keep it simple, now [x2]*
