Just let me ask you:  
Hey, have you heard of my religion?  
It's called the Church of Hot Addiction  
And we believe that God has lust for everything

Because now,  
The time has come for your devotion  
And you already got a notion  
Of what I need  
So give it, just give it,  
Just give it to me

You're willing,  
I'm waiting.  
Turn out the lights

Tonight I am the drug you can't deny  
Tonight G-A-B-E gonna get you high  
My love is electric (hey, hey, hey)  
My love is electric, yeah (hey, hey, hey)  
My love is electric (hey, hey, hey)  
My love is electric, yeah (hey, hey, hey)

Just let me tell you  
Hey, you gotta get the Cobra bless now  
You're really only selling sex now  
But I can pay  
The price you charge for what I need

Because I,  
I've got a nasty new compulsion  
And you've already got a notion  
Of what I need  
So give it, just give it,  
Just give it to me

You're willing,  
I'm waiting.  
Turn out the lights

Tonight I am the drug you can't deny

Tonight G-A-B-E gonna get you high  
My love is electric  
Tonight I am the drug you can't deny  
Tonight G-A-B-E gonna get you high  
My love is electric (hey, hey, hey)  
My love is electric, yeah (hey, hey, hey)  
My love is electric (hey, hey, hey)  
My love is electric, yeah (hey, hey, hey)

I've got electric eyes  
And I can get you high  
I've got electric eyes  
I'm gonna get you

Tonight I am the drug you can't deny  
Tonight G-A-B-E gonna get you high  
My love is, love is, love is  
Tonight I am the drug you can't deny  
Tonight G-A-B-E gonna get you high  
My love is electric (hey, hey, hey)  
My love is electric, yeah (hey, hey, hey)  
My love is electric (hey, hey, hey)  
My love is electric, yeah (hey, hey, hey)
