How could you know?  
Why would you care?  
I'm losing control  
Are you getting scared?

I'm making new friends  
And we're making out  
We're gonna pretend  
That we're taking everything yeah

They don't know about us  
Everyone's asleep when we play  
Yeah, the kids are all fucked up

Now it's too late to go  
It's getting light out  
I know you don't wanna  
Sleep here alone  
Just take it easy

So leave us alone  
When we're riding high  
Mister police  
Ain't hurting no one

The city's asleep  
And the world is mine  
We hide and go seek  
And you know they'll never, never, ever find us

They don't know about us  
Everyone's asleep when we play  
Yeah the kids are all fucked up

Now it's too late to go  
It's getting light out  
I know you don't wanna  
Sleep here alone  
Just take it easy

Now it's too late to go

It's getting light out  
I know you don't wanna  
Sleep here alone

The world is fading  
I'm here with you  
If you start shaking  
I'll get you through it  
Don't worry about anything  
Just take it easy

It's too late to go  
It's getting light out  
I know you don't wanna  
Sleep here alone  
Just take it easy

Now it's too late to go  
It's getting light out  
I know you don't wanna  
Sleep here alone  
Just take it easy
