Count one, two, three
You got me on my knees
And there's blood on the ground
You keep me hanging around the crime scene

Here's my heart tonight
Go on and take a bite

And chew me up
I just want a taste
When you spit me out
Put me in my place
So chew me up
It's written on your face tonight
I give myself for you
Nothing left to lose
Well, you chew me up
'Cause, baby, all I want is you
Tonight, tonight

Said four, five, six
Gotta get my fix
You gotta get me off
Am I good enough for your kiss?

'Cause here's my heart tonight
Go on and take a bite

And chew me up
I just want a taste
When you spit me out
Put me in my place
So chew me up
It's written on your face tonight
I give myself for you
Nothing left to lose
Well, you chew me up
'Cause, baby, all I want is you
Tonight, tonight

And you're the stuff that dreams are made of
Take a bite and taste my true love

It's out of sight and you know it's so right
So chew me up, spit me out
Take another bite of my love

And chew me up
I just want a taste
When you spit me out
Put me in my place
So chew me up
It's written on your face tonight
I give myself for you
Nothing left to lose
Well, you chew me up
'Cause, baby, all I want is you
Tonight
