Count one, two, three
You got me on my knees
And there's blood on the ground
You keep me hanging around the crime scene

Here's my heart tonight
Go on and take a bite..

& chew me up
I just want a taste when you spit me out
And put me in my place
So chew me up
It's written on your face tonight
I give myself to you
Nothing left to lose
Well you chew me up
'cause baby all I want is you
Tonight

Said four, five, six
I got to get my fix
You gotta get me off
Am I good enough for your kiss?

'cause here's my heart tonight
Go on and take a bite...

& chew me up

I just want a taste when you spit me out
And put me in my place
So chew me up
It's written on your face tonight
I give myself to you
Nothing left to lose
Well, you chew me up
'cause baby all I want is you
Tonight

And you're the stuff dreams are made of
Take a bite and taste my true love
It's out of sight and you know it's so right

So chew me up, spit me out, take another bite of my
love

& chew me up
I just want a taste when you spit me out
And put me in my place
So chew me up
It's written on your face tonight
I give myself to you
Nothing left to lose
Well you chew me up
'cause baby all I want is you
Tonight
