Oooh ooh ooh. (x2)  
We were in the place  
We're hiding out  
Eating pills and falling on  
There's only one thing that ive never felt  
Its in my arms right now

But you do what you gotta do  
Dont worry what they say about you  
Is it true? is it true?  
Yeah you do what you gotta do  
Don't worry what they say about...

So fold your hands child  
And walk straight now.  
Go and take your best shot  
Think you'll never find a secret hiding spot  
Well we play all day  
We'll go on and on and anyway yeah

We're just a little older baby now  
We don't gotta be what they want.  
Cuz i still got a little boy at heart.  
Wants to \_\_\_\_\_

We do what we gotta do  
We never even cared about you.  
It's the truth it's the truth.  
Yeah we do what we gotta do

We're only gonna care 'bout...

So fold your hands child  
And walk straight now.  
Go and take your best shot  
Think you'll never find a secret hiding spot  
Well we play all day  
We'll go on and on and anyway yeah

When i was around  
I was the only one protecting you.  
Now that i'm gone

How can you do the things we used to do? yeah...  
I know it's clear the times are changin'.  
But i've stayed the same.  
I know the fear is paralyzin.  
But nothin' matters at all.

Oooh

So fold your hands child  
And walk straight now.  
Go and take your best shot  
Think you'll never find a secret hiding spot  
Well we play all day  
We'll go on and on and anyway  
On and on and anyway  
On and on and anyway yeah.
