I said that I would never do you wrong
Said a million things but now I know
That I should really stick to what I said
What I said

But I'm stupid, I'm wasted, I'm a moron, let's face it
I blew it, you waited, my last card, I've played it
Didn't even stand to watch you go
And now you're gone

But I'm still so fucked in love with you
I'm still so fucked in love with you

I tried to move on
I even kissed every girl on the VIP list
But I'm still so fucked in love with you

And after all the shit I put you through
After all I broke your heart in two
I was so fucked I couldn't see
But I see

So stupid, so wasted, I'm a moron, let's face it
I blew it, you waited, my last card, I played it
Tell me, am I just a kid in a dream? Wake me
And now you're gone

But I'm still so fucked in love, with you
I'm still so fucked in love with you

I tried to move on
I even kissed every girl on the VIP list
But I'm still so fucked in love with you

I had it all and I thought I'd be okay without you
I can write you this song but it's not enough
'Cause it's not the same without you, same without you

Don't, don't, don't give up, I still have hope
So don't give up, it doesn't feel so far or long ago

But I'm still so fucked in love with you
But I'm still so fucked in love with you

I tried to move on
I even kissed every girl on the VIP list

But I'm still so fucked in love with you
