Yo check it out I've got a plan
Here's my intention HAHA!
The frat boys in the club are lame
Let's start an altercation
It's just what I'm used to
Just want to fuck shit up
I've got my whole damn crew
Come on what you gonna do?

I kissed a boy and they liked it
Got all the honeys in the club excited
I kissed a boy just to start shit
That homeboy was not about it

I know it's wrong, but I don't mind
I'm gonna start shit tonight
I kissed a boy just to start shit
Bitches loved it

No you don't even know my name
It doesn't matter
Don't even front, you've got no game
You're just a sucker
So what now, I clowned you
And I'm stealing your girl too
She wants a secure dude
And that's just not you

I kissed a boy and they liked it
Got all the honeys in the club excited
I kissed a boy just to start shit
That homeboy was not about it

I know it's wrong, but I don't mind
I'm gonna start shit tonight
I kissed a boy just to start shit
Bitches loved it

Me and my bros that's how we roll
You'll never know how far we'll go
I'll grab some chump that I don't know
And plant one right on him

You're only here for our amusement

I kissed a boy and they liked it
Got all the honeys in the club excited
I kissed a boy just to start shit
That homeboy was not about it

I know it's wrong, but I don't mind
I'm gonna start shit tonight
I kissed a boy just to start shit
Bitches loved it
HAHA
