(Feat. Travis McCoy of Gym Class Heroes)

They say that kid he's got...

I'm bringing sassy back,  
And everything that you thought you can't forget  
'Cause you know nothing but my name.  
And I don't wanna hear  
About people I don't know.  
Not you, not him, not her, no.

You only see what I let you see,  
Nothing less and nothing more.  
What you say is nothing new to me.  
Honestly.

They say that kid he's got soul.  
I'm everywhere that you go.  
And I've been there, seen that, and I ain't taking you  
home.  
No-o-o.

Oh. Oh oh oh oh. Oh oh oh oh oh. Oh oh oh oh oh o-oh.  
Oh. Oh oh oh oh. Oh oh oh oh oh. O-oh. O-oh. O-oh. O-  
oh.

And I ain't gonna lie,  
I can be a nasty guy.  
So you should probably sit  
'Cause yeah my words come kinda quick  
And if you don't get it let me repeat it, just forget what  
you thought.

Only see what I let you see  
Over and over again.  
What you say is nothing new to me.  
Honestly.

They say that kid he's got soul.  
I'm everywhere that you go.  
And I've been there, seen that, and I ain't taking you  
home.

No-o-o.  
But what do they know?  
I'm everywhere that you go (and I still got soul.)  
And I've been there, seen that, and I am taking you  
home.  
No-o-o.

Oh. Oh oh oh oh. Oh oh oh oh oh. Oh oh oh oh oh o-oh.  
Oh. Oh oh oh oh. Oh oh oh oh oh. O-oh. O-oh. O-oh. O-  
oh.

(Yeah, yeah. Travis. Here we go! )

They say that kid he's got more soul than Flight Club.  
Can't you tell by the way I use my walk?  
Travis stay way cooler than a hand in louch  
Yeah bite twenty times worse than my bark.  
Yeah, took a little time but I'm finally here.  
Ten years deep just to make things clear.  
Now I'm doubled up throwing double B's in the air.  
Go get it off your chest like a tight brazier.  
Don't regret it.  
Just let it.  
Give credit.  
Don't sweat it.

You can try but you just can't stop,  
Fangs up.  
Cobra style.

Honestly...

They say that kid he's got soul.  
I'm everywhere that you go.  
And I've been there, seen that, and I ain't taking you  
home.  
No-o-o.  
But what do they know?  
I'm everywhere that you go (and I still got soul.)  
And I've been there, seen that, and I ain't taking you  
home.  
No-o-o.

I'm everywhere that you go.  
And I've been there, seen that and I ain't taking you  
home.
