Her heart, is racing,  
And the room is heating up  
And her eyes, are glazing,  
But she still can't get enough

The beat is pumping, now she's blowing up (blowing up)  
The last thing on her mind is growing up (growing up)  
She'll kiss the sky before she's giving up (giving up)  
And oh, oh here she comes

[Chorus:]

She's dancing with the stars,  
Living in the sky with diamonds  
She's dancing with the stars,  
And oh, how the lights are shining  
She holds the key in her hand,  
Reflection in the mirror's her best friend  
Oh, she's dancing with the stars, the stars,  
Keep dancing

You can't, change her,  
Cause you know you think it's hot  
And that girl, loves danger,  
But she don't know when to stop

The beat is pumping, now she's blowing up (blowing up)  
The last thing on her mind is growing up (growing up)  
She'll kiss the sky before she's giving up (giving up)  
And oh, oh here she comes

[Chorus:]

She's dancing with the stars,  
Living in the sky with diamonds  
She's dancing with the stars,  
And oh, how the lights are shining  
She holds the key in her hand,  
Reflection in the mirror's her best friend  
Oh, she's dancing with the stars, the stars,  
Keep dancing

Gonna get you somehow,  
You're gonna talk of the town  
Losing control now,  
And I won't come back down  
I hope you come down

[Chorus:]

She's dancing with the stars,  
Living in the sky with diamonds  
She's dancing with the stars,  
And oh, how the lights are shining  
She holds the key in her hand,  
Reflection in the mirror's her only friend  
Oh, she's dancing with the stars, the stars (st-st-stars)

She's dancing with the stars,  
Living in the sky with diamonds  
She's dancing with the stars,  
And oh, how the lights are shining  
She holds the key in her hand,  
Reflection in the mirror's her best friend  
Oh, she's dancing with the stars, the stars,  
Keep dancing.
