Yo, give it up, cause I know what you got
You can ride to the top, but you can't ride on my cock,
yeah

So give it up, yo (Come on, come on)
When the lights off, I'm gonna show you how Bruce
LeRoy glows

I'm the last one standin', yeah
And I aint never scared, yeah!

[Chorus:]
Smash it up, smash it up
I'm gonna kick it down
Be cool tonight
Don't wanna start a fight

Smash it up smash it up
Tonight we're kickin it down
(Ahhhhh, 1 2 3 go!)

I'm not street but I do what I gotta do
So what? You got a crew?
I got a crew too
I'm not street but I do what I gotta do, oh-oh, oh-oh

I've crashed up joints in Tokyo
And I may not be loved,
But they, always recall my name

I'm the last one standin', yeah
And I aint never scared, yeah!

[Chorus:]
Smash it up, smash it up
I'm gonna kick it down
Be cool tonight
Don't wanna start a fight

Smash it up, smash it up
Tonight we're kickin it down

(Ahhhhh, 1 2 3 go!)

I'm not street but I do what I gotta do
So what? You got a crew?
I got a crew too
I'm not street but I do what I gotta do, oh-oh, oh-oh

Come on everybody
My brothers and my sisters now
You know that
We don't need no money
Tonight we're gonna kick it down

Come on everybody
While they sleep we rule the streets
And you're not alone
Cause when we roll, we roll deep, yeah
Come on everybody
Tonight there's gonna be no beef
Oh-oh, oh-oh

Oh, oh-oo-oh, oh
Oh, oh-ooh-oh... oh
Oh, oh-ooh-oh, oh
Oh, oh-ooh-oh, oh!

[Chorus:]
Smash it up, smash it up
I'm gonna kick it down
Be cool tonight
Don't wanna start a fight

Smash it up, smash it up
Tonight we're kickin it down
(Ahhhhh, 1 2 3 go!)

I'm not street but I do what I gotta do
So what? You got a crew?
I got a crew too
I'm not street but I do what I gotta do, oh-oh, oh-oh

Oh, oh-oo-oh, oh
Oh, oh-ooh-oh... oh
Oh, oh-ooh-oh, oh
Oh, oh-ooh-oh, oh.
