You're down again,
And we're holding hands.
You don't ask, you just do
That's why I'm following you.

Oh ooh ooh ooh
Keep holding my hand.
Oh ooh ooh ooh
Keep holding my hand.

And it's true I can't breathe
As long as you're out of my reach.
I tried to focus my attention, keep you hanging in the
basement all alone,
But with you I am like home.

Oh ooh ooh ooh
Keep holding my hand.
Oh ooh ooh ooh
Keep holding my hand.

I tried to focus my attention, keep you hanging in the
basement.
Keep holding my hand.
I tried to focus my attention, keep you hanging in the
basement.
Keep holding my hand.
I tried to focus my attention, keep you hanging in
suspension.
Keep holding my hand.
I tried to focus my attention, keep you hanging in the
basement.
Keep holding my hand.
