Cheats never prosper, crime don't pay, The meek shall  
inherit come judgement day,  
Peace in our time, no pain no gain, management  
decisions, insurance claims,  
The slow but sure will always win it, there's one born  
every minute

[Chorus]  
It's a lie

The cheque's in the post, you won't feel a thing, the  
power of prayer and the deadly sins,  
You're as young as you feel, your mother knows best,  
the truth will out, young man go west,  
The end can justify the means, God save the queen

[Chorus]

Breeding counts, lambs to the slaughter, who dares  
wins, blood's thicker than water,  
Expense accounts, graduation days, a friend in need, a  
spade's a spade,  
The power and the glory, the country's burning, the  
lady's not for turning

[Chorus]

Mega-buck deals, interest rates, fortune tellers and the  
hand of fate,  
Credit ratings, human rights, the seven wonders,  
another street fight,  
Global warming and cleaner seas, here come the  
cavalry

[Chorus]
