Don't want to go to the movies,
Or spend the day in the park.
I don't want no one to call me,
I just want to be alone with my heart.
And think of the way that you held me.
The touch of your lips on my face.
Surround myself in your memory
It's just one of those days

Chorus

I want to lay in my sorrow
I want to drown in my tears
Don't want to think of tomorrow
Until these thoughts disappear
Then I'll be back on my feet again
Before it's too late
As for now I want to be alone
It's just one of those days
It's just one of those days
I want to think about Texas
Drivin' the coast of Malibu
Wherever my mind wants to take us
I don't care as long I'm there with you
Why do I put myself through this
Most of the time I'm o.k.
But here and now I can feel it
It's just one of those days

Chorus

I want to lay in my sorrow
I want to drown in my tears
Don't want to think of tomorrow
Until these thoughts disappear
Then I'll be back on my feet again
Before it's too late
As for now I want to be alone
It's just one of those days
It's just one of those days
