I see you got a lot on your mind
Maybe something that could change your whole life
It's not for me or anyone else
To remind you what you oughta know well

It's gonna break up or break me down
I know I can't hang on much longer now
Just me out walkin' in my shoes
I'm gonna take it on or turn it loose

Only one person can say
There's not a thing in my way
Hope it all works out okay

How can I tell you
Of the hours that I keep reliving
Anyway I can help you
You know I'd always be more than willing

Have you noticed I'm still here
I've got no real place to hide anywhere

I'm not ashamed if it seems too hard
But how can I tell if I've been right so far, so far

Only one person can say
Only one person can say
There's not a thing in my way

How can I tell you
Of the hours that I keep reliving
Anyway I can help you
You know I'd always be more than willing

How to repay you
For all the emptiness you keep filling
If I were the one that you came to
You know I'll always be more than willing

Only one person can say
There's not a thing in my way

How can I tell you
Of the hours that I keep reliving
Anyway I can help you
You know I'd always be more than willing
