Radiate simply, the candle is burning so low for me
Generate me limply, can't seem to place your name,
cherie
To rearrange all these thoughts in a moment is suicide
Come to a strange place
We'll talk over old times we never spied

Somebody called me Sebastian
Somebody called me Sebastian
Work out a rhyme, toss me the time, lay me, you're
mine
We all know, oh yeah!

Your Persian eyes sparkle
Your lips, ruby blue, never speak a sound
And you, oh so gay
With Parisian demands, you can run around
And your view of society screws up my mind
Like you'll never know
Lead me away, come inside, see my mind in
kaleidoscope

Somebody called me Sebastian
Somebody called me Sebastian
Mangle my mind, love me sublime, do it in style
We all know, oh yeah!

You're not gonna run, babe
We've only just begun, babe, to compromise
Slagged in a Bowery saloon, love's a story to serialise
Pale angel face, your eye-shadow and glitter is outasite
No courtesan could begin to decipher your beam of
light

Somebody called me Sebastian
Somebody called me Sebastian
Dance on my heart, laugh, swoop and dart, la-de-da-
de-da
And we all know, oh yeah!

La-de-dam-da, la-di-di-di-da
