You're walking along quietly  
There's the sound of running feet  
You turn around the corner  
There's fighting on the street  
See all the kids they wanna good time  
They all wanna get stuck in  
Don't know, don't care  
If they're fighting for a cause  
AS long as they get one in  
Go  
We're fighting in the streets  
You all look for solutions  
But you can rack your brains  
No matter what the gov't do  
Its never ever gonna change  
Wankers hand hand out leaflets  
They'll never ever let it be  
I don't care what they do  
But they better not come near me  
Go  
We're fighting in the streets  
You're walking along quietly  
There's the sound of running feet  
You turn around the corner  
There's fighting on the street  
See all the kids they wanna good time  
They all wanna get stuck in  
Don't know, don't care  
If they're fighting for a cause  
AS long as they get one in  
We're always fighting in the streets  
We're always fighting in the streets  
We're always fighting in the streets  
We're always fighting in the streets
