Broken heart lost reasons
And these feelings that just won't go away
Changing times new reason
But still holding on to dreams of someday
No I can't

Boy I can't get over you
And I can't know what to do
Baby maybe we can try it again
'Cause I love you

Can you take away the pain
Can you love me once again
Cause I just can't keep living without you

You got me mixed up breakin' down
Can't get over loving you boy
Can't get over

You got me mixed up breaking down
I need you to be around
Don't wanna find another

Burning love, flames of passion
And the feeling you and I once shared
And my tears do they matter?
Tell me now, oh baby, if you still care
'Cause I want you back with me

Boy I can't get over you
And I can't know what to do
Baby maybe we can try it again
'Cause I love you

Can you take away the pain
Can you love me once again
Cause I just can't keep living without you

You got me mixed up breakin' down
Can't get over loving you boy
Can't get over

You got me mixed up breaking down
I need you to be around
Don't wanna find another

So come back to me, baby won't you please

You got me mixed up breakin' down
Can't get over loving you boy
Can't get over

You got me mixed up breaking down
I need you to be around
Don't wanna find another

You got me mixed up breakin' down
Can't get over loving you boy
Can't get over

You got me mixed up breaking down
I need you to be around
Don't wanna find another
