Do you want my love?
Can you make me sweat?
Do you want it bad enough
To make it soakin' wet?

Do you want my love?
Show me just how much
Tell me, baby
Do you, do you want my love?

Baby, if you took my love
Would you make the best of every moment?
If it takes all night, baby
Would you like to spend the hours
Freakin' to the mornin' light?

Love just comes if you let it
I'll be here to satisfy you
You look so good, I can't deny

If you're up to it come and get it
If you're ready, baby, give it up
Boy, it's time to show me, show me how much

Do you want my love?
Can you make me sweat?
Do you want it bad enough
To make it soakin' wet?

Do you want my love?
Show me just how much
Tell me, baby
Do you, do you want my love?

Can you handle my desires?
Can you tell me what I'm thinking, baby?
Can you read my mind?
Baby, will you go the extra mile?

Will you vow to hold me tight
'Til we're right?
Turn me on and on and on and on

Love just comes if you let it
I'll be here to satisfy you
You look so good, I can't deny

If you're up to it come and get it
If you're ready, baby, give it up
Boy, it's time to show me, show me how much

Do you want my love?
Can you make me sweat?
Do you want it bad enough
To make it soakin' wet?

Do you want my love?
Show me just how much
Tell me, baby
Do you, do you want my love?

My love, my love, my love
Tell me do you want it?
Tell me do you need it?
Tell me do you want it?
