Just No Other Way (To Love Me)

Verse 1:

Here we are Alone again In your arms again  
And it keeps on getting better  
Well I don't mean to read your mind  
Cuz when I look in your eyes I can almost see forever  
But before you go too far Before I fall too fast  
Baby you should know I need love that's gonna last  
You gotta promise to be here Through the laughter and  
the tears  
Let me know that you're my everyday and everynight

Chorus:

Cuz there's just no other way to love me  
Take my heart-take my soul  
Baby never let me go No-there's just no other way to  
love me  
That's the way it should be If you're gonna fall in love  
with me  
There's just no other way to love me

Verse 2:

Let me show you how much I care And baby I swear  
I'll be right there when you need me  
But I gotta know that you'll always be true  
That you're gonna see this rule  
And give your heart completely  
I wanna feel it when we kiss Believe it when we touch  
Baby don't just say you love me Cuz words are not  
enough  
I wanna see it in your eyes Believe it deep inside  
Gotta know you'll be here Everyday everynight

Cuz there's just no other way to love me  
Take my heart-take my soul Baby never let me go  
No-there's just no other way to love me  
That's the way it should be  
If you're gonna fall in love with me  
There's just no other way to love me

Bridge:

I will never ask for more than a gift to you

(Gonna give my everything)

Give my everything But I gotta know that your heart is  
true

Everyday everynight For the rest of your life

Cuz there's just no other way to love me

Take my heart-take my soul Baby never let me go

No-there's just no other way to love me

That's the way it should be If you're gonna fall in love  
with me

There's just no other way to love me
