Pack my bags and leave my home  
Find me a mama who can hold her own  
This whole town is laughing and don't I know it  
I don't know but I can guess that you're the only one  
that I have left  
This whole town is laughing and don't I know it  
Oh don't I know it

Pack my bags and leave my home  
Find me a mama who can hold her own  
This whole town is laughing and don't I know it  
I don't know but I can guess that you're the only one  
that I have left  
This whole town is laughing and don't I know it  
Oh don't I know it

Ooh oh don't I know it  
Ooh oh don't I know it  
Ooh oh don't I know it
