The girl all look the same  
I said the girls all look the same  
So you gotta get me home  
And get me on my feet again  
The girl all dance the same  
And the nights all end the same  
So you gotta get me home  
And get me on my feet again love

Cuz I'm minding my own business for a change  
Yea I'm minding my own business for a change

You still look the same  
I guess somethings never change  
But I don't think it's funny  
You think it's funny baby  
The drink all taste the same  
I say the drinks all taste the same  
So you gotta get me home  
And knock me off my feet again love

Cuz I'm minding my own business for a change  
Yea I'm minding my own business for a change  
Yea I'm minding my own business for a change

Cuz I'm minding my own business for a change  
Yea I'm minding my own business for a change  
Yea I'm minding my own business for  
I'm minding my own business for  
I'm minding my own business for a change
