14 I lost my dad it's true
15 I didn't know what to do
Well 16 I learned to drive
17, to stay alive

And I was a drummer
In a band that you heard of
Isn't that the way it goes

18 I think that's when we met
19 I wish I could forget
Well at 20 I moved away
To say the least
I didn't stay

And I was a drummer
In a band that you heard of
And I was a drummer
In a band that you heard of
Isn't that the way it goes

If I know you
You'll change your mind
You can change it all the time

And I was a drummer
In a band that you heard of
And I was a drummer
In a band that you heard of
And I was a drummer
In a band that just broke up
Isn't that the way it
Isn't that the way it
Isn't that the way it goes
