Pack my bags and leave my home
Find me a mama who can hold her own
This whole town is laughing and don't I know it
I don't know but I can guess that you're the only one
that I have left
This whole town is laughing and don't I know it
Oh don't I know it

Pack my bags and leave my home
Find me a mama who can hold her own
This whole town is laughing and don't I know it
I don't know but I can guess that you're the only one
that I have left
This whole town is laughing and don't I know it
Oh don't I know it

Ooh oh don't I know it
Ooh oh don't I know it
Ooh oh don't I know it
