He praises Lord on sundays
Fucks a child on mondays
He don't mind, just let him go
Dogs and alcohol
He behaves like an animal
He don't mind, just let him go
I have climbed mountains
I have lost my toes
I don't mind
Now I'm alone
He says he's gonna call
He said he'd play his role
He don't mind, just let him go
She said I've never known
How to make love
I don't mind, just let her go
I have climbed mountains
I have lost my toes
I don't mind, now I'm alone
