By the meeting of the roads  
I just fell to my knees  
When I knew I had to make a choice  
It's a shame you said  
That I may never know  
How far I can sometimes go  
How far I can sometimes go...

(Refrain)

While my boat is drifting away  
By the shore of Miami Bay  
I'm still trying to figure out the end of what I was  
Starting to say

And you found all the footprints  
That I left in the lawn  
When I spied on you every night  
And I wish there was a secret that you said in your  
sleep  
Just a word that I could keep  
Just a word that I could keep

(Refrain)

And I wish I was a comet to crash on your feet  
Just to be remembered  
And I wish I was a comet to crash on your feet  
Just to be remembered

(Refrain)
