You don't feel damned between the sunrise and sunset
You're damned well panicky, I know the rainy days
Please them or run on the turf

You could be raising money with your momma
You might be sure when you're round and dressed up
with kid
Take a toast to that, imbibe, you're alone

Men are so nice
(lays can be)
Roses may fly
Men are so useful
(he's a flirt)
Men are so useful
(reflection beauty)
Men are so nice
He pleases me fine
(reflection beauty)
Men are so useful

(be able to feel)
Don't feel damned between the sunrise and sunset
You're damned well panicky, I know the rainy days
Please them or run on the turf

(you could be)
You could be raising money with your momma
(you could be)
You might be sure when you're round and dressed up
with kid
Take a toast to that, imbibe, you're alone

Men are so nice
(lays can be)
He pleases me fine
Men are so useful
(he's a flirt)
Men are so useful
(reflection beauty)
Men are so nice

He pleases me fine
(reflection beauty)
Men are so useful

Beautiful hands us no way lies a means of love
(men are so nice) [2nd & 3rd repeats only]
On sounds and guard the stone, and bed had a law
(he pleases me fine)
Answers written and I reason
(he pleases me fine)
In the reign of sex, blown more than it's pleased to be
(fine, fine (x4))
He's a beauty affection, oooh
(x3)
