Why you must come in by the overland  
It's slightly less snarled, I suppose  
Why you must come in by the overland  
I'm waiting for the moment, I suppose

You're finding the switch of  
The peppermint pig stage

Burning the treasure  
While not eating the money

Why you must come in by the overland  
It's slightly less snarled, I suppose  
Why you must come in by the overland  
I'm waiting for the moment, I suppose

That bunch can be deadly and  
That bunch can be so experienced
