Someone who affirms
My inner sense of self
Create
Produces
Take care of the next
Genreation
With our hope just me trusts you
With hope just me trusts truly you
Seperate
And close
Temperment with self and
Her mother
Faithful
To our cause
A person

With our hope just me trusts you
With hope just me trusts truly you

With our hope just me trusts you
With hope just me trusts truly you

With our hope just me trusts you
With hope just me trusts truly you

With our hope just me trusts you
With hope just me trusts truly you

With our hope just me trusts you
With hope just me trusts truly you

With our hope just me trusts you
With hope just me trusts truly you
