Bluebeard

1 Bluebeard

[See Four Calendar Cafe track #3]

2 Three Swept

Someone who affirms

My inner sense of self

Create

Produces

Take care of the next

Genreation

With our hope just me trusts you

With hope just me trusts truly you

Seperate

And close

Temperment with self and

Her mother

Faithful

To our cause

A person

With our hope just me trusts you

With hope just me trusts truly you

(x6)

3 Ice-Pulse

I am in authentic

That's me not knowing who he is

I feel understands me

You don't love me

I take heart

Because I haven't reacted

To create hurt

He mocks

Before me

I could have done something differently

You can't heal what you can't feel (x4)

Half beyond the consequence and

Hurt me must grieve

Let betrayal in this

Also I'd leave our dreams

And best beyond chance

What might have been

I embrace my feelings

Share them lonely
Last the only may are these food (?)
I take heart
Because I haven't reacted
To create hurt
You can't heal what you can't feel (x8)

A love makes

A love makes
Energy
Are you the right man for me
Are you safe, are you my friend
Are you the right man for me
Are you safe, are you my frie-be-be-be-be-be-be-be-

My dreams
Are you the right man for me
Are you safe, are you my friend
Or are you toxic for me
Will you betray my confidence
Are you the right man for me
Are you safe, are you my friend
Or are you toxic for me
Will you mistreat me
Or betray my confide-be-de-be-dence
You made me feel so safe again
I doubt this will become ordinary to myself in your life
And hide this energy
Whims
Exploration
Hide this
