Their fate  
And hot  
Their face  
They're haters

Then they form, then hands (x2)

Crestfallen  
Weaken  
Here comes the oppressors  
Oppress, fallen, weaken

Feathers-oar blades  
Spitting their feathers

Spitting out oar blades (x2)

Crestfallen  
Weaken  
Here come those oppressors  
Oppress, fallen, weaken

Ordered  
To attention  
The choice of this party

Use your hands, he talked to him (x2)

Spitting out oar blades (x12)  
Spitting out (x2)
