Shunning punched  
All of song  
Will you spare  
Last night, till dawn  
Your eyes have mine  
At last I've got lyric  
The rest into(in two?)  
A mood of dust  
Myself into  
With eyes for me  
My safe love  
Bought  
Showing emotions  
New rules  
Reaching out  
Realing with it  
Our mountain roses  
Oh in their eyes and then  
Little flowers in the dirt  
And gladness will fill me in your hand  
You hold and surround me in gold  
Myself into  
It finds a thread
