Why you must come in by the overland
It's slightly less snarled, I suppose
Why you must come in by the overland
I'm waiting for the moment, I suppose

You're finding the switch of
The peppermint pig stage

Burning the treasure
While not eating the money

Why you must come in by the overland
It's slightly less snarled, I suppose
Why you must come in by the overland
I'm waiting for the moment, I suppose

That bunch can be deadly and
That bunch can be so experienced
