I'm glad you are a girl
I'm pleased to know you
I like you for you
I'm happy you're growing up

Reach and you won't lose me
Destroy the objective but still survive
You are angry and that's okay

Forgetful or pretending
Tired, ill or angry or cold
More assured of what to do
But I do care for you

Reach and you won't lose me
Destroy the objective but still survive
You are angry and that's okay
You are angry and that's okay

I am not afraid of your anger
What do you need? What do you want?
I love you and I know that you can figure it out

Reach and you won't lose me
Destroy the objective but still survive
You are angry and that's okay
You are angry and that's okay

I am not afraid of your anger
What do you need? What do you want?
I love you and I know that you can figure it out
I love you and I know that you can figure it out

Reach and you won't lose me
Destroy the objective but still survive
You are angry and that's okay
You are angry and that's okay

I am not afraid of your anger
What do you need? What do you want?
I love you and I know that you can figure it out
I love you and I know that you can figure it out
